

**AZ Vocabulary**

1. You can subtract on an **open number line**.

Solve  $60 - 40$ .

Mark 60 on a number line. Then count back 4 tens to subtract 40.

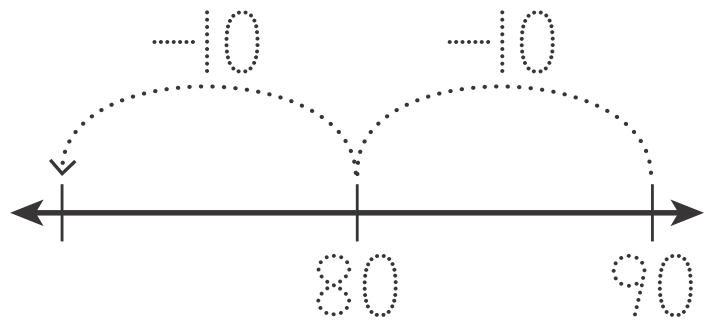

What number do you land on? \_\_\_\_\_

So,  $60 - 40 =$  \_\_\_\_\_.

2. Use the open number line to subtract.

$90 - 20 =$  \_\_\_\_\_

**On the Back!**

3. Draw an open number line to subtract  $70 - 30$ .
